State Librarian OBSERVANCE IS TO BE ROUTINE

Thanksgiving Will be Much Same as
it Has Before, With Usual
Program of Events

MANY WILL BE OUT HUNTING

Earlier Indications That Turkeys
Would be Scarce Here Not
Holding Out—Price is Higher.

Thanksgiving will be celebrated in much the same way here Thursday as it has always been. There will be union services conducted by the Protestant churches of the city and the usual football game, which is a Thanksgiving institution, will be played.

Observance by the business houses will not vary from the regular custom. There is no uniform system of closing by local merchants, many choosing to keep the front doors closed all day, while a great many more close at the noon hour for the remainder of the day, or until evening.

The union services will be held at the St. Paul M. E. church Thursday morning at ten o'clock. The sermon will be preached by Dr. D. Ira Lambert, pastor of the First Presbyterian church. Special music will be provided for the Methodist church choir. The collection will go to the visiting nurse fund.

Since Thanksgiving is a legal holiday, the banks will be closed all day. It will be possible to get mail at the postoffice up to ten o'clock in the morning, but after that hour the windows will be closed. One delivery will be made by the city mail carriers, but none will be made by the rural carriers.

Early indications of the scarcity of turkeys are not holding out, but forecasts of a week ago that prices would be higher than usual were not far wrong. Fall dressed turkeys are quoted on the local market at twenty-eight cents a pound, which is three cents higher than last year.

It was predicted early last week that there would be very few turkeys available for the Thanksgiving market because of the unfavorable spring and summer for raising turkeys. But since then local buyers have been flooded with turkeys so that there is no danger but that the demand can be supplied.

Game is scarce this season and dealers are unable to say whether or not supplies will be larger later on. The continuation of warm weather late into the fall is responsible for the shortage. Ducks have not started south in large numbers and Indiana hunters have not been able to bag many. Reports also say in explanation of the absence of adequate supplies on the market that the number of ducks in the marshes of northern Indiana is growing smaller each year, but seems to be large in Illinois, and it is from the state that supplies may be obtained later in the season.

Rabbits also are comparatively scarce, the scarcity being due to the weather. It is said that farmers, who are the principal source of supply, are still busy to a large extent with their farm work and have not shot rabbits for the markets. Quotations for rabbits vary considerably according to the quality of the offerings, but a general price is 20 cents each.

Oyster dealers are doing a large business, it is reported. Demand now is at least three times greater than during the ordinary oyster season, according to some dealers, but prices are holding steady because of the large supply available, even though the quality continues excellent.

Active Preparations Made For
Membership Dinner December 1.

Active preparations are being made for the Chamber of Commerce membership dinner which will be held in the basement of the Main Street Christian church Wednesday evening, December 1. The ticket committee has the tickets and will undertake to sell a large number at thirty-five cents a plate. For this small sum the diners will get chicken and many other good things. A short program of speeches is being arranged. The ticket committee is headed by E. J. Knecht as chairman. The committees will meet Friday night at eight o'clock at President S. L. Trabue's office to see what progress has been made with the preparations.

ROBERT KENNEDY HAS EQUAL CHANCE

Letter Received Here States That
Rushville Man Injured in Los
Angeles May Get Well

FORMER MINISTER A FRIEND

B. F. Miller has received a letter from Mrs. Robert Kennedy, in which she states that Mr. Kennedy's condition is improved and that he now has an even chance to recover. It will be recalled that Mr. Kennedy sustained a fracture of the skull in a fall while getting off a street car in Los Angeles.

Mrs. Kennedy attributes the accident to the fact that Mr. Kennedy believed that the car had stopped, when it was really moving slowly and when he stepped from the car was thrown heavily to the pavement. He sustained what is known as a frontal basal fracture and is confined in the Methodist Hospital of Southern California. His attending physician is a personal friend of the Rev. R. W. Abberly, former pastor of the Main Street Christian church in this city. Mrs. Kennedy stated in the letter that the Rev. Mr. Abberly has assisted them materially and had proved a very fine friend.

HOME BOY, RUNNING AWAY, CAUGHT HERE

James King, Age 15, Tiring of Life
at Knightstown Institution,
Walks to Rushville Tuesday.

IS SENT BACK TO HOME TODAY

James King, 15 years old, ran away from the Knightstown Soldiers' and Sailors' Orphans' home yesterday and was caught here last night. The boy spent the night at the county jail and was released this morning by Sheriff Cavitt. He started back to the home unaccompanied. The boy stated that he was tired of staying at the home and decided to leave. He walked here from Knightstown. Sheriff Cavitt communicated with the Superintendent of the home, who did not seem disposed to come after the boy and told the sheriff to keep him until this morning and then release him. The boy did not appear to be very anxious to return to the home, but decided that it was the best thing to do.

LIFE OF MOSES IS AN EXAMPLE

Evangelist Smith Says Men and Women of Faith Are Heroes and Heroines of World.

ADDITIONS RAISED TO 70

Large Audiences Prove Interest in
Main Street Christian Revival
is High.

Continued large audiences at the Main Street Christian church revival show that the interest in the special meetings is high. The crowd Tuesday night was up to the standard of former nights. There were two more additions to the church, raising the total during the meeting to seventy. Services will be held at the usual hour on Thanksgiving night.

Evangelist J. H. O. Smith's sermon at the Main Street Christian church last night was from the text, Heb. 11:24 "By Faith Moses." He said in part:

"The fast falling shadows of the past leaves few men unshrouded by their gloom. The heroes of today will be forgotten in the dimness of the approaching twilight, and tomorrow's sun will lighten up new shrines surrounded by tireless hosts of hero worshippers. Among the few rare forms who tower above the shadows is one too bright to be obscured by time, to grand to be forgotten.

"Moses, born of a race in slavery, secreted after his birth to save his life from the wrath of a tyrannical king discovered by the king's daughter, but trained in his early life by his own believing mother; he grew in wisdom and favor with the court until he was offered adoption by Pharaoh's daughter and the succession to the throne of Egypt. How thoroughly the mother instilled the lessons of faith into her boy is shown by his subsequent life. You can imagine this young man, in whose heart the battle between the splendors of Egypt and the promises of God rages like a Waterloo of the soul. When the conflict is over he strides into the court of the Pharaohs and declares, 'I'll stand by my mother's God.' 'He chose to suffer affliction with the people of God rather than enjoy the pleasures of sin for a season.' Later, God gave him commission to lead the slaves into liberty. A mighty task to free a race from bondage, cement them into a nation, with laws which will live as long as government shall exist among men. 'He endured as seeing Him who is invisible.' Every man stands between his ideals and his duties, his visions and his tasks, his dreams and the drudgeries of every day.

"A great egotist, some years ago, went over the country lecturing on the 'Mistakes of Moses.' Josh Billings said he wouldn't give five cents to hear Ingersol lecture on the 'Mistakes of Moses,' but if the great law giver was living he would give twenty-five dollars to hear him five minutes on the Mistakes of Ingersol. Doubt never gave the people liberty. Doubt sows no Mayflower, has no Valley Forge, no signers to a Declaration of Independence, when the chances are death as the penalty for the transaction. Men do not live lives of sacrifice or die for doubts. Men and women of faith are the heroes and heroines of the world.

"The vexed problems of civilization can only be solved by the heroes of faith. In this dark hour of the world

"Give us men of faith and prayer Who can stand in the dark on the lowest stair

And assert of God He is certainly

GRAND JURY IS ON A VACATION

Adjourns Until Friday After Spending Part of Today Investigating Circulation of Bad Money.

HIGH SCHOOL BOYS TESTIFY

Judge Sparks Hears Petition For
Permanent Receiver For Ryon
Store—No Finding Yet.

Judge Sparks heard the case of Leander Litterell against John A. Jones, Frank Vance and Pinkney Dearing, to foreclose a mechanics lien this morning and took the case under advisement. The amount demanded was \$75.

The court gave Samuel L. Newhouse and Harry Newhouse judgment for \$38.70 against Clyde Heaton this morning and ordered the lien foreclosed. The original demand was \$75.

The court heard the receivership proceedings yesterday afternoon against John Ryon, owner of a general store at Neffs Corner and took the case under advisement. A temporary receiver was appointed last Saturday and the evidence introduced yesterday was on the appointment of a permanent receiver. Ryon was examined at length on the amount of money he owes and the value of the store.

According to the testimony of Ryon, his wife owns most of the store. It was shown that the store had often changed hands, being transferred from John Ryon to his son Elmer, and then back again from son to father. It was brought out that Elmer Ryon is twenty years old. The grand jury adjourned this afternoon until Friday morning. The grand jury was busy all of today, starting in early this morning with the examination of witnesses. The grand jury works faster because the testimony is being taken down in shorthand. Miss Nancy Hogsett, official court stenographer, is assisting the grand jury.

A number of high school boys were before the grand jury this morning and it was reported that the case under consideration was the one involving the passing of a counterfeit bill at a school social two weeks ago. An imitation ten dollar bill was handed to the cashier at a social given at school No. 9, Rushville township. The bad piece of money was not discovered until the next day. A number of high school boys from this city attended the social and it was thought that perhaps they might know something of the transaction.

EDWARD HOOD HELD ON TWO AFFIDAVITS

Gives Bond to Keep Peace But Pleads
of Guilty to Intoxication Charge
Not Accepted.

RUNS HIS FAMILY FROM HOME

Edward Hood, a well known resident of Washington township, was arrested late yesterday afternoon by Sheriff Cavitt at his home near Raleigh on two charges—one of public intoxication and the other on surety of peace proceedings. The affidavit for intoxication was filed in circuit court, and while Hood pleaded guilty, Judge Sparks told him he desired to investigate the case further.

This morning before Squire Kratzer, Hood gave bond in the sum of \$200 to keep peace and was released. Both affidavits were filed by his wife, Mrs. Anna Hood. It was alleged that Hood ran his family away from home and for their protection the peace proceedings were filed.

Captain Falkenberg Testifies he Received \$500 For Supplying German Commerce Raiders.

FROM HAMBERG-AMERICAN CO.

Graphic Description of Naval Battle
Off Trinidad, August 28, 1914,
Part of Testimony.

(By United Press.)
New York, Nov. 24.—A graphic story of a naval battle off the coast of Trinidad on the morning of August 28, 1914, was told by Captain Falkenberg of the steamer Berwind, testifying for the government today in the trial of the indicted Hamburg-American line officials.

A German commerce raider, the Cap Trafalgar, was sunk by the British converted cruiser Carmania, and the three other German ships put to flight, he testified. The Berwind escaped attack, he said, because she was flying the American flag. Captain Falkenberg was one of the most important witnesses offered thus far by the government to support its charge that the Hamburg-American line officials illegally supplied German warship from American ports.

Captain Falkenberg said his steamer was chartered by Hamburg-American officials. He sailed from New York without knowing his destination but working under directions of one of the indicted officials.

The Berwind, after searching in a fifty-mile circle for 36 hours, sighted the German raider.

"We were transferring our cargo of supplies to the German ship when the Carmania hove in sight," he said.

"The German ships scattered. The Carmania pursued the Cap Trafalgar. The Trafalgar returned her fire. There was a running fight of about two hours before the German ship went down."

The Berwind had cleared New York ostensibly for Buenos Aires, the witness said. After the naval fight she proceeded to Rio De Janeiro unmolested by the British warships. On his return to New York, Captain Falkenberg said he received \$500 from the managing director of the Hamburg-American line as additional compensation for his services.

SUIT REACHED HERE.

The damage suit of Oscar F. Roland against Michael Zapp and others has reached the local circuit court on a change of venue from Hancock county. The demand is based on the alleged violation of a threshing contract entered into between the plaintiff, the owner of the machine and the defendants, all farmers.

John Ferguson is confined to his home with a severely sprained knee, suffered while working at the cemetery a few days ago.

Amusements

The Princess offers the third episode of "Neal of the Navy" for the first picture tonight. This one is entitled "The Failure" and is thrilling from start to finish. The other picture is a two act drama "His Golden Grain." Myrtle Gonzales and George Kunkle are featured.

The New York Evening Post has this to say of the feature picture at the Princess Thursday night:

"The Island of Regeneration" is the chief attraction of the Vitagraph programme for this week. That theme so dear to the heart of the novelist (the man and woman thrown together on an uninhabitable island), re-inspired with its pristine glamor of romance, imbued with the spirit of an adventure with Robinson Crusoe, is always pleasing. Edith Storey takes the principal role with her usual reserve, while little Bobby

VICK'S VAPOR SALVE

Connelly and Antonio Moreno leave little to be desired in their parts. So beautiful and atmospheric is the South Sea Island scenery that it came as a genuine shock when the door was thrown open at the end of the performance and a very real wet Broadway draught took the place of the imaginary southern zephyrs.

Hobart Bosworth, who added greatly to his reputation as the producer of "The Scarlet Sin" has scored another striking triumph in "A Little Brother of the Rich" which comes in photoplay form to the Gem theatre tonight with Mr. Bosworth, Hobart Henley and Jane Novak in the principal roles. "A Little Brother of the Rich" was cast in photoplay form by Otis Turner, director and producer of "The Black Box" photoplay serial and the Universal feature, "Damon and Pythias." Joseph Medill Patterson, a Chicago millionaire newspaper man, wrote the original novel, which was the best seller of the year when it first appeared. Later a drama was produced on Broadway from the book and scored a genuine Broadway success. Hobart Henley enacts the title role, that of a young college man who trails with the high society set. Jane Novak, the heroine, breaks her engagement to the young university graduate, and later becomes a famous actress. Hobart Bosworth is cast as a once-famous actor, who has all but succumbed to drink when he meets the young actress. The girl in the thrilling climax makes a choice between the old actor and her former sweetheart who has come into possession of the wealth of a millionaire divorcee. Which did the actress choose?

Society News

Mr. and Mrs. Scott Wilkinson will entertain at their home in North Morgan street, Thanksgiving day at dinner, the following guests: Mr. and Mrs. E. E. Haehl, of Manilla, Mr. and Mrs. Homer Gaddy of Indianapolis and Mr. and Mrs. C. P. Haehl of this city.

Mrs. Cary Jackson entertained the members of the Ladies Aid society of the Main Street Christian church in the basement of the church Tuesday afternoon. An entertaining musical program was given and the basement was attractively decorated with smilax, candles and green potted plants. Refreshments of ice cream, cake, coffee and mints were served.

The Rushville Glove company proved to be a most amiable host when it entertained its employees and their parents and some of their friends with a ball at the Phi Delta hall Tuesday night. The dancing was immensely enjoyed by guests numbering one hundred and the majority of the big crowd lingered until the last familiar air was played. Punch was served throughout the evening.

Half The Truth

Congressman J. M. Adair of the eighth district, in a speech here Monday night, placed particular stress on the fact that business is good. He asserted that more business was being transacted and more men were employed than ever before in the United States, all which may be true. But he omitted so much that one is very apt to wonder why he did not explain the true conditions; why he left off where he should have begun.

Of course, as he was expected to do, Congressman Adair gave a wholly partisan view of the situation. He did not attempt to ascribe any cause for the sudden revival of business. He did not refer to the \$500,000,000 loan the allies recently negotiated in this country, all of which will be spent here. He did not frankly state that industry is stagnant in Europe and that the countries at war are dependent to a large extent on the United States. When he spoke with an oratorical sweep of his hand, of the wonderful balance of trade in our favor, he did not explain that it was the logical outcome, with business in Europe at a standstill, very little imported to this

IF BACKACHY OR KIDNEYS BOTHER

Eat less meat and take a glass of
Salts to flush out Kidneys—
Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity; also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

country from countries at war and with the constant demand for munitions of war from the United States.

None of these things did he even intimate. Instead he gave this Underwood tariff credit for bringing about this Democratic millennium. The representative from the eighth Indiana district neglected—we hope it was neglected—to mention that the balance of trade was going against the United States at rapid strides and that there was a constant stream of gold flowing from the United States to Europe after the Underwood tariff bill became operative and before the war broke out. The records of imports and exports will show such was the case.

The careless omissions of Mr. Adair are really frightful, considering that he has been in congress eight years and should be conversant with public questions. Mr. Adair did not attempt to explain the business depression following the enactment of the Underwood bill and previous to the outbreak of the war. He said nothing of the hundred of thousands of men who were thrown out of employment and the loss of business suffered by the railroads previous to the revival in business due to increased activity because of demands created by the war. He said nothing of the soup houses that were thrown open, even under our very noses, in Indianapolis. He does not live far from Richmond and he should know that that city provided work on the streets for its unemployed so that they would not have to be supported wholly by charity. Mr. Adair did not explain how it happened a Republican congressman was elected in the tenth Indiana district, largely industrial, in 1914. He said nothing of the trend of the recent elections.

Instances are numerous. But no one is going to complain because business has been revived. Everyone is glad of that and hopes that it will continue. But we all want to have the correct conception of how it came about. Legislation of a Democratic congress never did it. Mr. Adair should know that as well as any other person who has paid any attention to the trend of events.

Shades of the balance of trade! Your Democratic friends will tell you to look at this marvelous "balance of trade" we are enjoying as a sure sign of prosperity. We are all agreed on that. The balance of trade in our favor does not mean prosperity. It is well for the Democratic brethren to admit it. Who is there not to recall the ridicule that has been heaped on Republican balance-of-trade arguments as a sign of good business by Democratic spellbinders in the years gone by?

"Our friends have been able to give you good prices on a poor crop; we have given you good prices when the crop is good, under our tariff. They say (the Republicans) good prices are due to the war; there is no war in South America where the corn was going to be shipped from"—Congressman Finly Gray.

There is no war in North America either, yet we have a "war tax."

W. J. Bryan should be pleased since he has been elected president of something.

Current Comments

(Washington Herald.)

The following sneering editorial paragraph is from the unreconstructed bull-moose paper at Mitchell, the Tribune, which doesn't appear to know just where to light since the Progressive party has degenerated into a meal ticket organization for the personal benefit of wornout and impecunious politicians.

"James E. Watson will carry Daviess county and that is certain. That is one county that is for Watson, so far as the Republicans are concerned and they are not ashamed of it. A number of other places are for Watson too, but for some reason they hesitate about tooting any horns for him."

Judging from surface indications the Tribune is right in its assertion that the Republicans of Daviess county are "for" James E. Watson for United States senator. But the fact that they are for Mr. Watson, as they appear to be, does not mean they are "against" any of the other aspirants for that nomination. They

believe and hope, we think, that Mr. Watson will be the nominee. But if it shall turn out that he is not the choice of the party, they will cheerfully accept the party's judgment and give to the man who is nominated the same active encouragement and loyal and unstinted support they are eager to give to Watson, should he lead the Indiana ticket in 1916. They are built that way. The nominee of the Republican party will be also the nominee of the Republicans of Daviess county. Likewise we feel justified in saying that Jim Watson's friends all over Indiana are as Jim Watson's friends in Daviess county.

Assuming that the estimate of the situation is accurate, that Mr. Watson is the choice of the Republicans of Daviess county for senator, why should it not be so? He is a Republican. He is true. He never has failed us. When the lamp of Republicanism was burning low in 1912, when factionalism threatened to extinguish the feeble and struggling flame, Jim Watson came to us, big, strong, courageous, a natural leader of men, to cheer and comfort us and encourage us with his own abiding and undaunted faith in the destiny of the Republican party. He did not hide in the memorable campaign when the fate of the party hung in the balance, but stood a lion, fearless and unflinching, in the path of those who would destroy the party that now has become again the militant factor in American politics, to which the people are renewing their confidence and pledging their allegiance. Watson was faithful then, a conspicuous and mighty gure, issuing a compelling call to arms and lifting high the banner around which Republicans could rally with hope and reliance in the political future.

Watson, too, is more than merely a true and brave Republican. Over and above these quantities looms the plain and undisputed fact that of all the men in Indiana—yes, the whole nation—James E. Watson's qualifications for a representative office are superior, in him are concentrated the essential features for legislative leadership. With a Republican congress and Watson in the senate from this state, Indiana at once would become the dominating influence in national legislation. With such an asset, wouldn't it be folly for the Indiana Republicans to fail to avail themselves of the opportunity offered them? No man is abler than Watson to represent and interpret the one overshadowing issue of the pending campaign, the protective tariff. And no man is better fitted than he to take the lead in the national legislature in rewriting on the statute books a law which shall restore the protective feature of the tariff. The Republican party must stand or fall on that momentous issue, and in the forefront of the battle our best material must be placed if we are to succeed.

In saying these impelling things of James E. Watson, we are not disparaging the estimable citizens and Republicans who are contesting with him for the party's favor. It is not discounting them to plead Watson's extraordinary abilities for office of legislative character. But Watson is a man of remarkable attainments and as a Republican we have the right so to consider him and recommend him. Because of his unusual attributes, Watson's friends are confidently making their appeal to the citizens of Indiana and will uphold the Republican party in the campaign of 1916. They are not opposing the other Republicans who are bespeaking the party's approval of their ambition to be the senator from Indiana—they merely are supporting Watson and advocating his nomination for a place in the most exalted legislative body on earth, commending him because of what he has been, what he is and what he can be for the Republicans of Indiana and for the people of the nation.

HOOSIER HISTORY

(Prepared for the United Press by the Centennial Department of the Indiana Historical commission.)

"IN RESTRAINT OF TRADE."

One practical thing undertaken by the Villiance committee was that of breaking up the lucrative trade carried on by Indiana people, with the south whereby the Confederate troops were supplied with provisions and equipment. Governor Morton assisted in this work and aroused the Federal Government to action. The following telegram, addressed to Morton by Gov. Yates of Illinois, is suggestive of his alertness: "I learn by dispatch received tonight that John Grace of Rising Sun started south from Madison last Thursday with a flat boat loaded with bacon for Vicksburg. Have him stopped at Cairo. It is for southern troops."

CHANGE OF SENTIMENT

The actual break or rebellion did much to crystallize public sentiment in Indiana. Prior to that many were the communications to the legislature advocating the Crittendon or some other compromise which would appease the South. Afterward the petitions came from mass meetings demanding "the raising of more regiments, the immediate arming of the people and the equipment of cavalry to protect southern counties." More than one ardent Democrat of promise found it expedient to make a public declaration of loyalty.

YOUTH HELD FOR THROWING SWITCH

Dyer, Ind., Resident Accused of Attempting to Wreck Monon Train
No. 35 Tuesday Morning.

DELAYED HERE FIVE HOURS

Later dispatches have brought out that Dan Conners, age twenty-two years, of Dyer, Indiana, was the man who threw the switch and almost wrecked Monon train No. 35, due here at 5:37 a. m., Tuesday morning at Dyer, fifteen miles from Hammond. News of the mishap befalling No. 35 reached here Tuesday morning when the train arrived about five hours late. The mail clerk said the train had been run into an open switch and that a man had been arrested, but his name was not known to the clerk.

Conners is a native of Dyer and has a police record. He was arrested after he appeared at the scene of the wreck, asking excitedly about the details. He denied his guilt, but admitted having left three other young men in an automobile twenty minutes before the wreck.

The town and railroad authorities pointed to the fact that footprints in freshly fallen snow, similar to his, particularly with reference to worn down rubber heels, were found around the switchstand from which the lock had been locked. The footprints led from there to the flour mill, where an incendiary fire broke out just before the wreck.

NO CHANCE FOR PARTY CONTROL

Ashtabula, Ohio, Believes it Has Solved City Government Plan That Other Cities Will Adopt.

WARD POLITICS ABOLISHED

Non-Partisan Ballots Used and There Were Fourteen Candidates For Seven Places.

(By United Press.)

Ashtabula, O., Nov. 24.—Under Ashtabula's government by Proportional Representation every faction of voters totaling more than one-eighth of the votes cast, gets one representative in the city council. The change was made Nov. 2.

Ashtabula with 20,000 population is first American city to adopt the plan. It is said to be truly representative of all the citizens. The plan's advocates predict that it will be generally adopted. They claim it is based on principle while others are based on patronage. The citizens are said to be pleased with it.

Party control, an objection to the City Manager plan, has been obviated by the Ashtabula principle plan, it is said. It is asserted that by having the best man of any group of voters seek a council place on his group's principles, ward politics is abolished.

There were 14 candidates for 7 places, each nominated by a 2 per cent. voters' petition on non-partisan ballots. Each candidate's faction was stated after his name. Each voter put the figure after his first choice. His vote counted for but 1 candidate but he could make as many secondary choices as there were names. The councilmen were chosen at large.

Election to office was determined by dividing the total vote by 8 giving, in Ashtabula, a quotient of 372 on the basis of 2972 valid votes. Any candidate with 372 first choice votes, was elected. If he had over 372 they were given to the next highest man not already elected. Low candidates were dropped and their votes added to the next highest choice on the ballot. When the ballots were counted the business faction had 3, the Irish, Swede and Italian 1 each and the Socialist, (the only party mentioned), 1.

ALL-STARS PLAY HERE TOMORROW

Indianapolis Team Will be Attraction
in Thanksgiving Day Game at
Edgewater Park.

GAME WILL START AT 2:30

The Rushville football team will take on the All-stars, an aggregation from Irvington, tomorrow afternoon at Edgewater park. Considerable difficulty was experienced in getting a team for the Thanksgiving day battle and it was not until yesterday that the game was secured.

The All-stars have several Butler college players in their lineup and a good game is expected. The Rushville team is in good condition as the team did not play last Sunday. A large crowd is expected to attend the game tomorrow as it is a holiday attraction. The All-stars have played such teams as Greenfield and should give the locals a hard game. Greenfield is the only team to defeat the locals on the grounds this year. The game will be called at 2:30 o'clock.

It is also announced that the Marion club team will play here on Sunday, Dec. 5.

RED MEN WIN CLOSE GAME

Defeat Independents Last Night by
25 to 18 Score.

The Red Men's Athletic association team defeated the Rushville Independents last night 25 to 18 in a fast game at the Graham Annex gym. The game was closely contested from start to finish. The Red Men were strengthened by the addition of Cameron and Martin. The two teams appeared to be evenly matched at the start and the first half was a toss-up. The Red Men gradually pulled away towards the finish. A small crowd witnessed the game. The two teams will likely play again in the near future as the Independents are not satisfied with their showing. The Red Men want games abroad. The summary:

THEY FOREGO A VACATION

Western College Girls Stay in School
and Have Big Celebration.

At least 75 Indiana girls with comfortable homes will not get to spend Thanksgiving in them. These are the girls who are students of Western College for Women at Oxford, Ohio. A peculiar regulation of that institution makes Thanksgiving a school holiday and none of the students is expected to go home. On the other hand, the day is celebrated with feasting and fun and the students are permitted to invite in as their guests parents or other members of their immediate family. This is an annual event at the school, for which great preparations are made and between 500 and 600 persons annually sit down to turkey and the accompaniments of such a dinner, all of which is prepared by the students themselves. Rushville is represented in the student body of Western College for Women by Mildred Myers, odinmtefytitos-ItriDáv s u

No More Backache No More Misery

If you suffer with pains in your back and sides or have any signs of kidneys or bladder trouble such as rheumatic pains, puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired and run-down, or bothered with urinary disorders, Solvax will quickly and surely relieve you of your misery.

Solvax is the most potent remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It neutralizes, dissolves and makes the kidneys sift out all the uric acid and poisons left by the blood, and renders the kidneys and urinary organs clean, vigorous and healthy.

Johnson's Drug Store, the popular druggists, say that no medicine ought to be paid for unless it does the user some good. They therefore sell Solvax under a positive guarantee to quickly relieve the worst cases of kidney trouble or refund the money. Try Solvax today and if you cannot see and feel a decided change for the better just go to Johnson's Drug Store and tell them you want your money back, they will return it without question. This is the strongest argument that can be offered in behalf of any medicine.

Mile Gait.

(By United Press.)
Terre Haute, Ind., Nov. 24.—Tourists who are contemplating a trip that will take them through Terre Haute should study up on the speed laws. Authorities of the city say that they are tired of the "sixty miles an hour" speed limit, which some motorists are observing on streets in the suburbs.

Commissioner Cullen is much worked up over the continued reckless driving. He said he intends to put a stop to it before any more lives are lost.

JOINED REVOLUTIONISTS

(By United Press.)
Belvidere, Ill., Nov. 24.—For more than five years relatives here have been seeking Rinard Shawhan, who mysteriously disappeared about 11 years ago. An estate of \$30,000 in which the missing man should share, is held pending the expiration of the seven years since he was last heard from after which Shawhan may legally be declared dead.
In the countrywide search for Shawhan, trace of the missing man was found at Aiken, Minn., and again at Needles, Calif. Shawhan's parents believe he joined the Mexican revolutionists and died in battle. He always wanted to be a soldier. As a boy he played war and accidentally got two fingers of his left hand shot off.

The Ruler

WILL REVIEW ARMY AND NAVY

(U. P. Staff Correspondent.)
Kyoto, Japan, Nov. 24.—In conclusion of his coronation as Emperor, Yoshihito tomorrow will journey to Isle, to the tomb of Jimmu Tenno, grandchild of the Sun Goddess and founder of the first dynasty nearly 3000 years ago, to tell him that he, Yoshihito, now by divine right rules Japan.

There also the new Emperor will "worship the gods of heaven upon earth" who are of course, his dead ancestors. Within the next 72 hours the Emperor will in person visit the tombs of the last 4 Emperors, telling each one of the happy conclusion of the coronation ceremonies. This reporting of great events to the dead rulers is very important in the ritual of ancestor worship.

These visits and the attending ceremonies, the coronation events proper will have been completed. The Emperor will return to Tokio Nov. 28th for a grand review of the army and navy, following which he will be feted by the citizens.

OLD-TIME COLD CURE— DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold. Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia. Limber up! Mrs. Jacob Roth, 820 North Perkins

LABOR IS NOT
YET SATISFIED

Government Control Makes it a Good
Deal Like Slavery—Conditions

EXPLOITATION CONTINUES

Munitions Act is Said to be Con-
stantly Embittering Relations
to Government

By ED L. KEEN
(U. P. Staff Correspondent.)
London, Oct. 9 (By Mail).—Or-
ganized labor first suggested how to
deal with the labor shortage in
munitions industries. In November,
1914 the Amalgamated Society of
Engineers and 4 other unions pro-
posed that firms engaged on private
work be given government work;
firms working short time, transfer
surplus labor to busier centers,
skilled workmen be brought from
Canada and Australia; skilled men
who had enlisted be brought back
from the trenches.

This appealed neither to the gov-
ernment nor to the employers. Six
months later, after the Spring off-
ensive in Flanders failed through
lack of munitions, it was adopted.

Following this expose of the Em-
pire's grave danger, all the skilled
labor unions in the United Kingdom
agreed, during the war, to allow un-
skilled workers to use lathes and
other machines, permitted women in
munitions work, withdrew opposition
to the premium bonus system and
agreed not to restrict or hamper the
output.

Right after this Lloyd George
said the real cause of the munitions
shortage was drink. He abandoned
this later when he saw that the facts
were against him, but much mischief
had been done. The British masses
are not thick-skinned. Their feel-
ings were hurt. To be called drunk-
ards just after what they had done
was discouraging.

Next came the Munitions Act.
Early in the year labor suspected
that Lloyd George and the govern-
ment desired industrial conscription.
The government had refused to deal
with the increased living cost, in-
creased profits, or the claims of
labor that the war ought not to be
a means of labor exploitation by
capital.

The Munitions Act provided pro-
hibition of strikes; government con-
trol of certain establishments, now
nearly 1,000; guaranteed employers
in controlled establishments the av-
erage of profits for the last two
years plus one-fifth extra, and al-
lowances for capital expenditure;
suspended all trade union regula-
tions in controlled establishments,
and subjected workers to heavy
fines for striking, decreasing output,
or going to work elsewhere.

Many workers felt that this was a
form of slavery. They would have
preferred the munitions factories
nationalized and the workers re-
sponsible in conjunction with the
state for discipline and output.
There would have been less dissatis-
faction had the Act been scrupulously
observed by employers and sym-
pathetically administered by the
government. A few instances:

Armstrong & Whitworth, Open-
shaw, dismissed 151 Steel Smelters'
Union men, refusing them certifi-
cates required by the Munitions Act
before they could get other work.

At Sheffield a worker asked the
local munitions tribunal's permission
to take a position closer to where his
wife, almost at death's door, resided.
Permission was refused. Fourteen
Manchester workmen, summoned for
contravening the strike clause of the
act, proved that the government had
not acquainted them with the act's
provisions and that their employers
were not engaged exclusively upon
government work. They were fined.

In defense of the biggest strike
since the Act went into effect, when
1,500 Thornycroft's shipbuilding
yard workers at Southampton down-
ed tools because of the introduction
of non-union labor, labor says the
employers themselves first violated
the Act's provisions that "due notice
shall be given of any change of
working conditions desired and op-
portunity for local consultation with

Here's Nature's Own
Remedy For Catarrh

Hyomei Relieves Catarrh Without
the Use of Dangerous Drugs.

Not until Hyomei was discovered
has it been possible to truthfully say
that a real remedy for catarrh was
known.

Hyomei is an oil and its air is
breathed through a small inhaler
furnished with it for a few minutes
four times a day, and during that
time every particle of this Hyomei-
laden air taken into the air passages
and lungs is impregnated with a
powerful germ killing and health-
giving antiseptic.

Sprays and lotions often cause
disorders of the respiratory tracts
or bring on some other diseases and
never make a permanent cure of ea-
tarrh. But when the air of Hyomei
penetrates to the inmost air cells of
the lungs and enters the blood with
the oxygen it not only kills the
germs in the throat and nose, but
kills the bacilli in the blood, free-
ing the mucous membranes from
poisonous microbes and giving per-
fect health.

A complete outfit is inexpensive
and includes an inhaler, dropper and
sufficient Hyomei for several weeks
treatment.

Johnson's Drug Store has so much
faith in the merit of Hyomei that
they agree to return the money to
any purchaser who is not thorough-
ly satisfied.

the workmen or their representatives
shall be given, if desired." This,
they say, was the real cause of the
strike.

Leaders of labor in Great Britain
content that the workers still are as
wholeheartedly in favor of the war
as when it started. But, they say:
Exploitation continues; the govern-
ments attitude toward increased liv-
ing cost and increased profits of em-
ployers still is unsatisfactory, to
labor.

That the administration of the
Munitions Act is constantly embit-
tering relations between the govern-
ment and labor; and that labor feels
that its sacrifices in lives in trade
union rights, and material prosperity
have far exceeded those of the class-
es.

Despite these things, labor has
now promised to recruit 20,000 men
a week, and to try to make it 30-
000!

Restored to Health by Lydia

Compound.

Unionville, Mo.—"I suffered from a
female trouble and I got so weak that I
could hardly walk across the floor with-
out holding on to something. I had
nervous spells and my fingers would
cramp and my face would draw, and I
could not speak, nor sleep to do any good,
had no appetite, and everyone thought I

Some one advised me to take Lydia E.
Pinkham's Vegetable Compound. I had
taken so much medicine and my doctor
said he could do me no good so I told my
husband he might get me a bottle and I
would try it. By the time I had taken
it I felt better. I continued its use, and
now I am well and strong.

"I have always recommended your

CHAIRMEN WILL
MEET AT CAPITAL

County Centennial Heads Will Gath-
er in Indianapolis to Map Early
Plans For Celebration.

PROGRAM TO BE PROVIDED

Connersville is Cited as Example of
City That is Making Early
Preparation.

Indications point toward an en-
thusiastic meeting of the County
Centennial chairmen, December 3
and 4, at the capital. Assurances
are being received by the Director
that the members of the Grand Com-
mittee are eager for the conference
and for the helpful interchange of
ideas on the work to be done in the
counties in preparation for the Cen-
tennial. The meeting will serve as
a clearing house of Centennial cele-
bration plans.

For the first meeting on the eve-
ning of December 3d at the Claypool,
an excellent program of short ad-
dresses has been arranged. It pro-
vides for speeches by Governor
Ralston, George Ade, Pres. John
Cavanaugh, Pageant Master W. C.
Langdon of New York, and a few
of the county chairmen.

At the "problem" conference on
the following day, practical ques-
tions confronting the chairmen in
their counties will be discussed.
Among the topics under considera-
tion will be those on: Effective
county organization; finance; im-
portance and ways of collecting his-
toric data; celebrational features;
pageantry; co-operation of the
schools; permanent memorials; ef-
fective publicity.

No county can afford to be unre-
presented at this conference of De-
cember 3 and 4. If the chairman
cannot be present he should dele-
gate some one of his organization to
attend and represent his county.

The City Council of Connersville
has voted itself a committee to as-
sist in every way possible in the
Centennial celebration for which
Fayette county is preparing. Let
other city councils take notice. In
efficiency of organization and ener-
getic action, the Fayette chairman,
E. P. Hawkins is likewise furnishing
a good object lesson. He has drawn
around him an enthusiastic, working
committee or series of committees
which promises worthy things for
next year. Their celebration is to
take place July 3, 4 and 5, the spea-
kers intended for the respective
days being Ex-Senator Beveridge,
James E. Watson and Governor Ral-
ston.

CARRANZA MUST FINANCE MEXICO

New Head of Government There

Faces Serious Problem and May

Come Here For Loan.

UNCLE SAM TO BE THE ANGLE?

American Claims Alone Against That

Country Total More Than

\$300,000,000.

(By United Press.)

Washington, D. C., Nov. 25.—Will Uncle Sam become Mexico's financial angel? This question is the absorbing problem involved in establishing the Carranza government.

That financial help must be given by the United States to Mexico is admitted by officials. The form such aid should take is the principal hitch. High State Department officials intimate that the government cannot appear as a principal in securing credit for Carranza. Its moral support, however, is assured.

The modus operandi probably will be as follows: After Carranza's agents in New York have made guarded overtures to financiers for a loan, quiet inquiries will be made of the State Department if such a loan has the approval of the government. Inquiry will be made as to whether the U. S. would back up the loan in case Carranza's government should fall and collection for a new administration be made necessary. If agents of financiers receive such assurances, the loan will be made, with bonds of the new Mexican government as security.

That Carranza must secure his loan in this country is regarded as certain. Europe's money markets are not open to him. It is possible he might place part of a bond issue with Argentine bankers. The bulk of the transaction must, however, be handled by New York financiers.

Re-establishing Mexico's financial system presents many difficulties to Carranza. Hundreds of counterfeit issues of money are afloat. Villa has issued millions of currency now valueless. In Mexico City alone there are a score of repudiated issues. Huerta's currency is worthless.

Carranza who has announced that he will establish a gold standard for Mexico, with a new currency system similar to the federal reserve act of this country, but he will probably not be able to do it until a new Mexican congress is legally elected.

Regarding the immense debt burden faced by Carranza, payment will be effected, according to information here, through claim commissions. Carranza will assent to mixed claims commissions to deal separately with each country presenting claims. Assurance by Carranza that he will honor foreign claims was one of the conditions upon which he was recognized as chief executive. These claims total about \$300,000,000.

The Mexican mixed claims commission will, it is reported, be composed of representatives of the interested nations, but the U. S. will not officially participate in collection of claims of other nations.

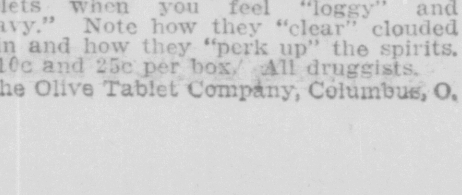

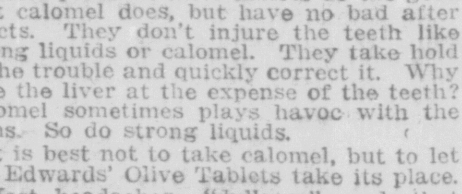

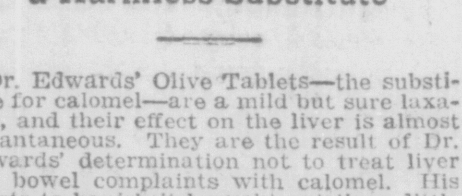

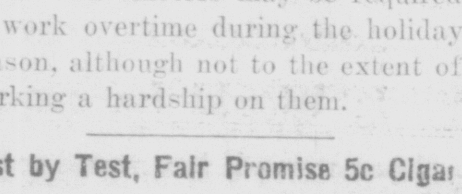

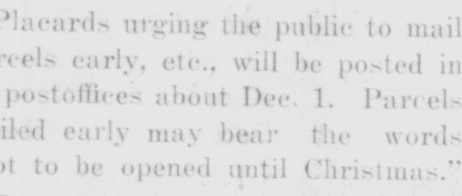

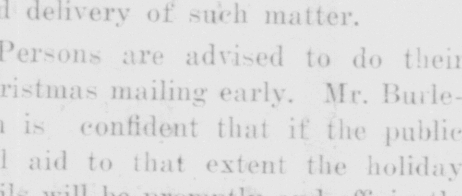

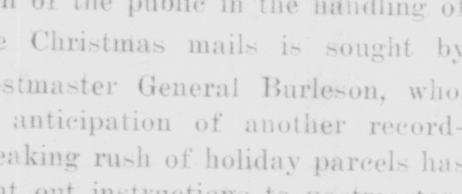

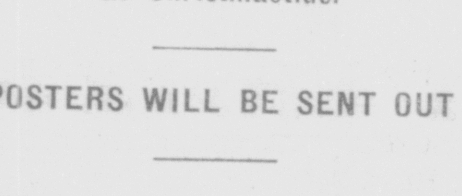

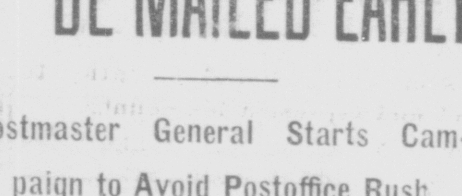

The claims Carranza assumes run back five years from the ousting of President Diaz. No claims for property destroyed and confiscated during that and successive revolutions have ever been paid. This involves lengthy and complicated negotiations before payment of the claims, to establish national responsibility for property losses in the many major and minor revolts.

Solicitor Cone Johnson of the State Department has active charge of the American claims. Many of these have been on file for years, awaiting re-establishment of a stable government from which payment could be demanded. Railroad, mining, oil and ranching interests are the principal American claimants. Americans are stock and bond holders of the Mexican National and other railroads and telegraph companies which have suffered the brunt of revolutions.

Only a small part of the claims, which now aggregate about \$150,000,000, have been filed with the State Department. Others are being received daily.

"OFF OF" HANLEY FOR SOME TIME

Temperance Forces Were Not Co-

Operating With Him Even Be-

RESENT HIS PUBLICATION

Declare That His Enterprise Was

Entirely "Personal"—Definite

Stand Taken

(By United Press.)

Indianapolis, Ind., Nov. 24 — Friends of the Anti Saloon league pointed out today that although the league showed resentment toward former governor J. Frank Hanly following what they described as his attempt to stampede the temperance convention here there had not for some time been any co-operation between Hanly and the league in their work for prohibition.

The Anti Saloon league did not welcome the announcement that Hanly would publish the National Enquirer. The league also publishes a temperance paper. The league never has looked favorably upon the work of the flying squadron, which it termed a "personal" enterprise of Mr. Hanly.

There was much speculation here today whether the open break between Hanly and the league, following the defeat of Hanly's efforts to swing the state temperance convention for a new political party, would hurt the cause of prohibition in Indiana.

Mr. Hanly argued that a political party must be back of the prohibition movement, that both the democratic and republican organizations and prospective candidates and opponents are not favorable to the drys and that if it proved that they were not, then the drys must have a new party to fight for state wide prohibition. At the conclusion of his address, he asked all who endorsed his idea to stand.

"Carried away by Hanly's enthusiasm and eloquence, most of the crowd stood," said an official of the league. "However, the convention later put itself definitely on record against Hanly's new party idea."

This official said "Without a doubt Hanly has been working for years with the object in view of starting a new party in Indiana with himself as its organized leader to carry the prohibition movement."

This official explained that Hanly was invited to address the convention "merely out of courtesy." He said Hanly took an "unfair advantage, both of the league and the audience."

Postmaster General Starts Campaign to Avoid Postoffice Rush at Christmastide.

POSTERS WILL BE SENT OUT

Washington, Nov. 23.—Co-operation of the public in the handling of the Christmas mails is sought by Postmaster General Burleson, who, in anticipation of another record-breaking rush of holiday parcels has sent out instructions to postmasters for the quick and effective dispatch and delivery of such matter.

Persons are advised to do their Christmas mailing early. Mr. Burleson is confident that if the public will aid to that extent the holiday mails will be promptly and efficiently handled.

Placards urging the public to mail parcels early, etc., will be posted in all postoffices about Dec. 1. Parcels mailed early may bear the words "not to be opened until Christmas."

Postmasters are advised that clerks and carriers may be required to work overtime during the holiday season, although not to the extent of working a hardship on them.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids.

It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "fogy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box. All druggists. SMITH TRIAL WAS TO BE OPENED TODAY

Fifteen Character Witnesses Are
Subpoenaed From Here to Ap-
pear in Court Next Monday.

CASE TRIED AT NOBLESVILLE

The trial of Cassius C. Smith, formerly of this city, charged with the murder of his father-in-law, Marcus Hollingsworth, at Old Augusta, Marion county, near Indianapolis, was to open in the Hamilton circuit court at Noblesville today. The case was set for trial Monday, but was postponed until today because Henry Spann, attorney for the defense, was an attorney in the murder trial of Erroll Key, at Danville, who was charged with the murder of his cousin, Forest Miller. That case ended Tuesday with a verdict of two to twenty-one years against Key, and it is presumed that since that has been brought to a close, the Smith trial opened today.

Fifteen character witnesses have been subpoenaed from here to act as character witnesses for Smith. They are asked to appear in court next Monday. It was expected that nothing would be done today except procure the jury.

The demand was \$691.01 and the suit involved the sale of some mining stock in a mine at Joplin, Mo. The case was originally filed in the Rush circuit court and sent to Decatur on a change of venue. In the Decatur circuit court Norris was awarded judgment for \$300 and the court granted a new trial. Following the granting of a new trial a change of venue was again taken and the case finally got to Shelby county where it was tried.

Many kinds of vegetables, always in heavy demand at the Thanksgiving period, are slightly higher in price, due to shortages in the crops. Principal among these is the cranberry. The wet season along the coast where the cranberry is grown, was unfavorable for a large crop.

Thanksgiving will be a busy day for the hunters. A large number of men will spend the holiday in the woods as is evidenced from activities in the neighborhood of the county clerk's office. Along about Thanksgiving time there is usually a rush for hunting licenses and this year has been no exception. The rush has been heavier than usual. Yesterday a total of nineteen licenses were issued and the rush had started again this morning. On Monday a total of thirteen licenses were issued. Because the clerk's office is closed on Thanksgiving the hunters do not delay until the last minute to get their licenses.

Thanksgiving Will be Much Same as
it Has Before, With Usual
Program of Events

MANY WILL BE OUT HUNTING

Earlier Indications That Turkeys
Would be Scarce Here Not
Holding Out—Price is Higher.

Thanksgiving will be celebrated in much the same way here Thursday as it has always been. There will be union services conducted by the Protestant churches of the city and the usual football game, which is a Thanksgiving institution, will be played.

Observance by the business houses will not vary from the regular custom. There is no uniform system of closing by local merchants, many choosing to keep the front doors closed all day, while a great many more close at the noon hour for the remainder of the day, or until evening.

The union services will be held at the St. Paul M. E. church Thursday morning at ten o'clock. The sermon will be preached by Dr. D. Ira Lambert, pastor of the First Presbyterian church. Special music will be provided for the Methodist church choir. The collection will go to the visiting nurse fund.

Since Thanksgiving is a legal holiday, the banks will be closed all day. It will be possible to get mail at the postoffice up to ten o'clock in the morning, but after that hour the windows will be closed. One delivery will be made by the city mail carriers, but none will be made by the rural carriers.

Early indications of the scarcity of turkeys are not holding out, but forecasts of a week ago that prices would be higher than usual were not far wrong. Full dressed turkeys are quoted on the local market at twenty-eight cents a pound, which is three cents higher than last year.

It was predicted early last week that there would be very few turkeys available for the Thanksgiving market because of the unfavorable spring and summer for raising turkeys. But since then local buyers have been flooded with turkeys so that there is no danger but that the demand can be supplied.

Game is scarce this season and dealers are unable to say whether or not supplies will be larger later on. The continuation of warm weather late into the fall is responsible for the shortage. Ducks have not started south in large numbers and Indiana hunters have not been able to bag many. Reports also say in explanation of the absence of adequate supplies on the market that the number of ducks in the marshes of northern Indiana is growing smaller each year, but seems to be large in Illinois, and it is from the state that supplies may be obtained later in the season.

Rabbits also are comparatively scarce, the scarcity being due to the weather. It is said that farmers, who are the principal source of supply, are still busy to a large extent with their farm work and have not shot rabbits for the markets. Quotations for rabbits vary considerably according to the quality of the offerings, but a general price is 20 cents each.

Oyster dealers are doing a large business, it is reported. Demand now is at least three times greater than during the ordinary oyster season, according to some dealers, but prices are holding steady because of the large supply available, even though the quality continues excellent.

Active preparations are being made for the Chamber of Commerce membership dinner which will be held in the basement of the Main Street Christian church Wednesday evening, December 1. A short program of speeches is being arranged. The ticket committee is headed by E. J. Knecht as chairman. The committees will meet Friday night at eight o'clock at President S. L. Trabue's office to see what progress has been made with the preparations.

ROBERT KENNEDY HAS EQUAL CHANCE

Letter Received Here States That
Rushville Man Injured in Los Angeles May Get Well

FORMER MINISTER A FRIEND

B. F. Miller has received a letter from Mrs. Robert Kennedy, in which she states that Mr. Kennedy's condition is improved and that he now has an even chance to recover. It will be recalled that Mr. Kennedy sustained a fracture of the skull in a fall while getting off a street car in Los Angeles.

Mrs. Kennedy attributes the accident to the fact that Mr. Kennedy believed that the car had stopped, when it was really moving slowly and when he stepped from the car was thrown heavily to the pavement. He sustained what is known as a frontal basal fracture and is confined in the Methodist Hospital of Southern California. His attending physician is a personal friend of the Rev. R. W. Abberly, former pastor of the Main Street Christian church in this city. Mrs. Kennedy stated in the letter that the Rev. Mr. Abberly has assisted them materially and had proved a very fine friend.

HOME BOY RUNNING AWAY, CAUGHT HERE

James King, Age 15, Tiring of Life
at Knightstown Institution,
Walks to Rushville Tuesday.

IS SENT BACK TO HOME TODAY

James King, 15 years old, ran away from the Knightstown Soldiers' and Sailors' Orphans' home yesterday and was caught here last night. The boy spent the night at the county jail and was released this morning by Sheriff Cavitt. He started back to the home unaccompanied. The boy stated that he was tired of staying at the home and decided to leave. He walked here from Knightstown. Sheriff Cavitt communicated with the Superintendent of the home, who did not seem disposed to come after the boy and told the sheriff to keep him until this morning and then release him. The boy did not appear to be very anxious to return to the home, but decided that it was the best thing to do.

LIFE OF MOSES IS AN EXAMPLE

Evangelist Smith Says Men and Women of Faith Are Heroes and Heroines of World.

ADDITIONS RAISED TO 70

Large Audiences Prove Interest in
Main Street Christian Revival
is High.

Continued large audiences at the Main Street Christian church revival show that the interest in the special meetings is high. The crowd Tuesday night was up to the standard of former nights. There were two more additions to the church, raising the total during the meeting to seventy. Services will be held at the usual hour on Thanksgiving night.

Evangelist J. H. O. Smith's sermon at the Main Street Christian church last night was from the text, Heb. 11:24 "By Faith Moses." He said in part:

"The fast falling shadows of the past leaves few men unshrouded by their gloom. The heroes of today will be forgotten in the dimness of the approaching twilight, and tomorrow's sun will lighten up new shrines surrounded by tireless hosts of hero worshippers. Among the few rare forms who tower above the shadows is one too bright to be obscured by time, to grand to be forgotten.

"Moses, born of a race in slavery, secreted after his birth to save his life from the wrath of a tyrannical king discovered by the king's daughter, but trained in his early life by his own-believing mother; he grew in wisdom and favor with the court until he was offered adoption by Pharaoh's daughter and the succession to the throne of Egypt. How thoroughly the mother instilled the lessons of faith into her boy is shown by his subsequent life. You can imagine this young man, in whose heart the battle between the splendors of Egypt and the promises of God rages like a Waterloo of the soul. When the conflict is over he strides into the court of the Pharaohs and declares, 'I'll stand by my mother's God.' He chose to suffer affliction with the people of God rather than enjoy the pleasures of sin for a season. Later, God gave him commission to lead the slaves into liberty. A mighty task to free a race from bondage, cement them into a nation, with laws which will live as long as government shall exist among men. He endured as seeing Him who is invisible. Every man stands between his ideals and his duties, his visions and his tasks, his dreams and the drudgeries of every day.

"A great egotist, some years ago, went over the country lecturing on the 'Mistakes of Moses.' Josh Billings said he wouldn't give five cents to hear Ingersoll lecture on the 'Mistakes of Moses,' but if the great law giver was living he would give twenty-five dollars to hear him five minutes on the Mistakes of Ingersoll. Doubt never gave the people liberty. Doubt salls no Mayflower, has no Valley Forge, no signers to a Declaration of Independence, when the chances are death as the penalty for the transaction. Men do not live lives of sacrifice or die for doubts. Men and women of faith are the heroes and heroines of the world.

"The vexed problems of civilization can only be solved by the heroes of faith. In this dark hour of the world.

Give us men of faith and prayer who can stand in the dark on the lowest stair.

GRAND JURY IS ON A VACATION

Adjourns Until Friday After Spending Part of Today Investigating Circulation of Bad Money.

HIGH SCHOOL BOYS TESTIFY

Judge Sparks Hears Petition For
Permanent Receiver For Ryon
(Store—No Finding Yet.)

Judge Sparks heard the case of Leander Litterell against John A. Jones, Frank Vance and Pinkney Dearing, to foreclose a mechanics lien this morning and took the case under advisement. The amount demanded was \$75.

The court gave Samuel L. Newhouse and Harry Newhouse judgment for \$38.70 against Clyde Heaton this morning and ordered the lien foreclosed. The original demand was \$75.

The court heard the receivership proceedings yesterday afternoon against John Ryon, owner of a general store at Neffs Corner and took the case under advisement. A temporary receiver was appointed last Saturday and the evidence introduced yesterday was on the appointment of a permanent receiver. Ryon was examined at length on the amount of money he owes and the value of the store.

According to the testimony of Ryon, his wife owns most of the store. It was shown that the store had often changed hands, being transferred from John Ryon to his son Elmer, and then back again from son to father. It was brought out that Elmer Ryon is twenty years old. The grand jury adjourned this afternoon until Friday morning. The grand jury was busy all of today, starting in early this morning with the examination of witnesses. The grand jury works faster because the testimony is being taken down in shorthand. Miss Nancy Hogsett, official court stenographer, is assisting the grand jury.

A number of high school boys were before the grand jury this morning and it was reported that the case under consideration was the one involving the passing of a counterfeit bill at a school social two weeks ago. An imitation ten dollar bill was handed to the cashier at a social given at school No. 9, Rushville township. The bad piece of money was not discovered until the next day. A number of high school boys from this city attended the social and it was thought that perhaps they might know something of the transaction.

RUNS HIS FAMILY FROM HOME

Edward Hood, a well-known resident of Washington township, was arrested late yesterday afternoon by Sheriff Cavitt at his home near Raleigh on two charges—one of public intoxication and the other on surety of peace proceedings. The affidavit for intoxication was filed in circuit court, and while Hood pleaded guilty, Judge Sparks told him he desired to investigate the case further.

This morning before Squire Kratzer, Hood gave bond in the sum of \$200 to keep peace and was released. Both affidavits were filed by his wife, Mrs. Anna Hood. It was alleged that Hood ran his family away from home and for their protection the peace proceedings were filed.

Graphic Description of Naval Battle
Off Trinidad, August 28, 1914,
Part of Testimony.

(By United Press.)
New York, Nov. 24.—A graphic story of a naval battle off the coast of Trinidad on the morning of August 28, 1914, was told by Captain Falkenberg of the steamer Berwind, testifying for the government today in the trial of the indicted Hamburg-American line officials.

A German commerce raider, the Cap Trafalgar, was sunk by the British converted cruiser Carmania, and the three other German ships put to flight, he testified. The Berwind escaped attack, he said, because she was flying the American flag. Captain Falkenberg was one of the most important witnesses offered thus far by the government to support its charge that the Hamburg-American line officials illegally supplied German warships from American ports.

Captain Falkenberg said his steamer was chartered by Hamburg-American officials. He sailed from New York without knowing his destination but working under directions of one of the indicted officials. The Berwind, after searching in a fifty-mile circle for 36 hours, sighted the German raider.

"We were transferring our cargo of supplies to the German ship when the Carmania hove in sight," he said.

"The German ships scattered. The Carmania pursued the Cap Trafalgar. The Trafalgar returned her fire. There was a running fight of about two hours before the German ship went down."

The Berwind had cleared New York ostensibly for Buenos Aires, the witness said. After the naval fight she proceeded to Rio De Janeiro unmolested by the British warships. On his return to New York, Captain Falkenberg said he received \$500 from the managing director of the Hamburg-American line as additional compensation for his services.

SUIT REACHED HERE.

The damage suit of Oscar F. Roland against Michael Zapp and others has reached the local circuit court on a change of venue from Hancock county. The demand is based on the alleged violation of a thrashing contract entered into between the plaintiff, the owner of the machine and the defendants, all farmers.

John Ferguson is confined to his home with a severely sprained knee, suffered while working at the cemetery a few days ago.

Amusements

The Princess offers the third episode of "Neal of the Navy" for the first picture tonight. This one is entitled "The Failure" and is thrilling from start to finish. The other picture is a two act drama "His Golden Grain." Myrtle Gonzales and George Kunkle are featured.

The New York Evening Post has this to say of the feature picture at the Princess Thursday night:

"The Island of Regeneration" is the chief attraction of the Vitagraph programme for this week. That theme so dear to the heart of the novelist (the man and woman thrown together on an uninhabitable island), re-inspired with its pristine glamor of romance, imbued with the spirit of an adventure with Robinson Crusoe, is always pleasing. Edith Story takes the principal role with her usual reserve, while little Bobby

VICKS' VAPORUB SALVE

Connelly and Antonio Moreno leave little to be desired in their parts. So beautiful and atmospheric is the South Sea Island scenery that if came as a genuine shock when the door was thrown open at the end of the performance and a very real wet Broadway draught took the place of the imaginary southern zephyrs.

Hobart Bosworth, who added greatly to his reputation as the producer of "The Scarlet Sin" has scored another striking triumph in "A Little Brother of the Rich" which comes in photoplay form to the Gem theatre tonight with Mr. Bosworth, Hobart Henley and Jane Novak in the principal roles. "A Little Brother of the Rich" was cast in photoplay form by Otis Turner, director and producer of "The Black Box" photoplay serial and the Universal feature, "Damon and Pythias." Joseph Medill Patterson, a Chicago millionaire newspaper man, wrote the original novel, which was the best seller of the year when it first appeared. Later a drama was produced on Broadway from the book and scored a genuine Broadway success. Hobart Henley enacts the title role, that of a young college man who trails with the high society set. Jane Novak, the heroine, breaks her engagement to the young university graduate, and later becomes a famous actress. Hobart Bosworth is cast as a once-famous actor, who has all but succumbed to drink when he meets the young actress. The girl in the thrilling climax makes a choice between the old actor and her former sweetheart who has come into possession of the wealth of a millionaire divorcee. Which did the actress choose?

Society News

Mr. and Mrs. Scott Wilkinson will entertain at their home in North Morgan street, Thanksgiving day at dinner, the following guests: Mr. and Mrs. E. E. Haehl, of Manila, Mr. and Mrs. Homer Gaddy of Indianapolis and Mr. and Mrs. C. P. Haehl of this city.

Mrs. Cary Jackson entertained the members of the Ladies Aid society of the Main Street Christian church in the basement of the church Tuesday afternoon. An entertaining musical program was given and the basement was attractively decorated with smilax, candles and green potted plants. Refreshments of ice cream, cake, coffee and mints were served.

The Rushville Globe company proved to be a most amiable host when it entertained its employees and their parents and some of their friends with a ball at the Phi Delta hall Tuesday night. The dancing was immensely enjoyed by guests numbering one hundred and the majority of the big crowd lingered until the last familiar air was played. Punch was served throughout the evening.

Half The Truth
Congressman J. M. Adair of the eighth district, in a speech here Monday night, placed particular stress on the fact that business is good. He asserted that more business was being transacted and more men were employed than ever before in the United States, all which may be true. But he omitted so much that one is very apt to wonder why he did not explain the true conditions; why he left off where he should have begun.

Of course, as he was expected to do, Congressman Adair gave a wholly partisan view of the situation. He did not attempt to ascribe any cause for the sudden revival of business. He did not refer to the \$500,000,000 loan the allies recently negotiated in this country, all of which will be spent here. He did not frankly state that industry is stagnant in Europe and that the countries at war are dependent to a large extent on the United States. When he spoke with an oratorical sweep of his hand, of the wonderful balance of trade in our favor, he did not explain that it was the logical outcome, with business in Europe at a standstill, very little imported to this

IF BACKACHE OR KIDNEYS BOTHER

Get less meat and take a glass of
Seltz to flush out kidneys—
Drink plenty water.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Get less meat, drink lots of water; also get from any pharmacist four ounces of Jad Seltz; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous seltz is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness. Jad Seltz is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Seltz to folks who believe in overcoming kidney trouble while it is only trouble.

country from countries at war and with the constant demand for munitions of war from the United States. None of these things did he even intimate. Instead he gave this Underwood tariff credit for bringing about this Democratic millennium. The representative from the eighth Indiana district neglected—we hope it was neglect—to mention that the balance of trade was going against the United States at rapid strides and that there was a constant stream of gold flowing from the United States to Europe after the Underwood tariff bill became operative and before the war broke out. The records of imports and exports will show such was the case.

The careless omissions of Mr. Adair are really frightful, considering that he has been in congress eight years and should be conversant with public questions. Mr. Adair did not attempt to explain the business depression following the enactment of the Underwood bill and previous to the outbreak of the war. He said nothing of the hundred of thousands of men who were thrown out of employment and the loss of business suffered by the railroads previous to the revival in business due to increased activity because of demands created by the war. He said nothing of the soup houses that were thrown open, even under our very noses, in Indianapolis. He does not live far from Richmond and he should know that that city provided work on the streets for its unemployed so that they would not have to be supported wholly by charity. Mr. Adair did not explain how it happened a Republican congressman was elected in the tenth Indiana district, largely industrial, in 1914. He said nothing of the trend of the recent elections.

Instances are numerous. But no one is going to complain because business has been revived. Everyone is glad of that and hopes that it will continue. But we all want to have the correct conception of how it came about. Legislation of a Democratic congress never did it. Mr. Adair should know that as well as any other person who has paid any attention to the trend of events.

Shades of the balance of trade! Your Democratic friends will tell you to look at this marvelous "balance of trade" we are enjoying as a sure sign of prosperity. We are all agreed on that. The balance of trade in our favor does not mean prosperity. It is well for the Democratic brethren to admit it. Who is there not to recall the ridicule that has been heaped on Republican balance-of-trade arguments as a sign of good business by Democratic spellbinders in the years gone by?

"Our friends have been able to give you good prices on a poor crop; we have given you good prices when the crop is good, under our tariff. They say (the Republicans) good prices are due to the war; there is no war in South America where the corn was going to be shipped from"—Congressman Finly Gray.

There is no war in North America either, yet we have a "war tax."

W. J. Bryan should be pleased since he has been elected president of something.

Current Comments

(Washington Herald.)

The following sneering editorial paragraph is from the unreconstructed bull-moose paper at Mitchell, the Tribune, which doesn't appear to know just where to light since the Progressive party has degenerated into a meal ticket organization for the personal benefit of wornout and impecunious politicians.

James E. Watson will carry Daviess county and that is certain. That is one county that is for Watson, so far as the Republicans are concerned and they are not ashamed of it. A number of other places are for Watson too, but for some reason they hesitate about footing any horns for him.

Judging from surface indications the Tribune is right in its assertion that the Republicans of Daviess county are "for" James E. Watson for United States senator. But the fact that they are for Mr. Watson, as they appear to be, does not mean they are against the other candidates for that nomination. They

believe and hope so, but that is Watson's chance. But if he is not the choice of the party, they will cheerfully accept the party's judgment and give to the man who is nominated the same active encouragement and loyal and unstinted support they are eager to give to Watson, should he lead the Indiana ticket in 1916. They are built that way. The nominee of the Republican party will be also the nominee of the Republicans of Daviess county. Likewise, we feel justified in saying that Jim Watson's friends all over Indiana are as Jim Watson's friends in Daviess county.

Assuming that the estimate of the situation is accurate, that Mr. Watson is the choice of the Republicans of Daviess county for senator, why should it not be so? He is a Republican. He is true. He never has failed us. When the lamp of Republicanism was burning low in 1912, when factionalism threatened to extinguish the feeble and struggling flame, Jim Watson came to us, big, strong, courageous, a natural leader of men, to cheer and comfort us and encourage us with his own abiding and undaunted faith in the destiny of the Republican party. He did not hide in the memorable campaign when the fate of the party hung in the balance, but stood a lion, fearless and unflinching, in the path of those who would destroy the party that now has become again the militant factor in American politics, to which the people are renewing their confidence and pledging their allegiance. Watson was faithful then, a conspicuous and mighty figure, issuing a compelling call to arms and lifting high the banner around which Republicans could rally with hope and reliance in the political future.

Watson, too, is more than merely a true and brave Republican. Over and above these quantities looms the plain and undisputed fact that of all the men in Indiana—yes, the whole nation—James E. Watson's qualifications for a representative office, are superior, in him are concentrated the essential factors for legislative leadership. With a Republican congress and Watson in the senate from this state, Indiana at once would become the dominating influence in national legislation. With such an asset, wouldn't it be folly for the Indiana Republicans to fail to avail themselves of the opportunity offered them? No man is abler than Watson to represent and interpret the one overshadowing issue of the pending campaign, the protective tariff. And no man is better fitted than he to take the lead in the national legislature in rewriting the statute books a law which shall restore the protective feature of the tariff. The Republican party must stand or fall on that momentous issue, and in the forefront of the battle our best material must be placed if we are to succeed.

In saying these impelling things of James E. Watson, we are not disparaging the estimable citizens and Republicans who are contesting with him for the party's favor. It is not discounting them to plead Watson's extraordinary abilities for office of legislative character. But Watson is a man of remarkable attainments and as a Republican we have the right so to consider him and recommend him. Because of his unusual attributes, Watson's friends are confidently making their appeal to the citizens of Indiana and will uphold the Republican party in the campaign of 1916. They are not opposing the other Republicans who are bespeaking the party's approval of their ambition to be the senator from Indiana—they merely are supporting Watson and advocating his nomination for a place in the most exalted legislative body on earth, commending him because of what he has been, what he is and what he can be for the Republicans of Indiana and for the people of the nation.

HOOSIER HISTORY

Prepared for the United Press by the Centennial Department of the Indiana Historical Commission.
"IN RESTRAINT OF TRADE"
One practical thing undertaken by the Villiance committee was that of breaking up the lucrative trade carried on by Indiana people, with the south whereby the Confederate troops were supplied with provisions and equipment. Governor Morton assisted in this work and aroused the Federal Government to action. The following telegram, addressed to Morton by Gov. Yates of Illinois, is suggestive of his alertness: "I learn by dispatch received tonight that John Grace of Rising Sun started south from Madison last Thursday with a flat boat loaded with bacon for Vicksburg. Have him stopped at Cairo. It is for southern troops."

CHANGE OF SENTIMENT

The actual break or rebellion did much to crystallize public sentiment in Indiana. Prior to that many were the communications to the legislature advocating the Crittendon or some other compromise which would appease the South. Afterward the petitions came from mass meetings demanding "the raising of more regiments, the immediate arming of the people and the equipment of cavalry to protect southern counties." More than one ardent Democrat of promise found it expedient to make a public declaration of loyalty.

YOUTH HELD FOR THROWING SWITCH

Dyer, Ind., Resident Accused of Attempting to Wreck Monon Train
No. 35 Tuesday Morning.

DELAYED HERE FIVE HOURS

Later dispatches have brought out that Dan Conners, age twenty-two years, of Dyer, Indiana, was the man who threw the switch and almost wrecked Monon train No. 35, due here at 5:37 a. m., Tuesday morning at Dyer, fifteen miles from Hammond. News of the mishap, befalling No. 35 reached here Tuesday morning when the train arrived about five hours late. The mail clerk said the train had been run into an open switch and that a man had been arrested, but his name was not known to the clerk.

Conners is a native of Dyer and has a police record. He was arrested after he appeared at the scene of the wreck, asking excitedly about the details. He denied his guilt, but admitted having left three other young men in an automobile twenty minutes before the wreck.

The town and railroad authorities pointed to the fact that footprints in freshly fallen snow, similar to his, particularly with reference to worn down rubber heels, were found around the switchstand, from which the lock had been locked. The footprints led from there to the flour mill, where an incendiary fire broke out just before the wreck.

NO CHANCE FOR PARTY CONTROL

Ashtabula, Ohio, Believes it Has Solved City Government Plan That Other Cities Will Adopt.

WARD POLITICS ABOLISHED

Non-Partisan Ballots Used and There Were Fourteen Candidates For Seven Places.

(By United Press.)

Ashtabula, O., Nov. 24.—Under Ashtabula's government by Proportional Representation every faction of voters totaling more than one-eighth of the votes cast, gets one representative in the city council. The change was made Nov. 2. Ashtabula with 20,000 population is first American city to adopt the plan. It is said to be truly representative of all the citizens. The plan's advocates predict that it will be generally adopted. They claim it is based on principle while others are based on patronage. The citizens are said to be pleased with it.

Party control, an objection to the City Manager plan, has been obviated by the Ashtabula principle plan, it is said. It is asserted that by having the best man of any group of voters seek a council place on his group's principles, ward politics is abolished.

There were 14 candidates for 7 places, each nominated by a 2 per cent. voters' petition on non-partisan ballots. Each candidate's faction was stated after his name. Each voter put the figure after his first choice. His vote counted for but 1 candidate but he could make as many secondary choices as there were names. The councilmen were chosen at large.

Election to office was determined by dividing the total vote by 8 giving, in Ashtabula, a quotient of 372 on the basis of 2972 valid votes. Any candidate with 372 first choice votes, was elected. If he had over 372 they were given to the next highest man not already elected. Low candidates were dropped and their votes added to the next highest choice on the ballot. When the ballots were counted the business faction had 3, the Irish, Swede and Italian 1 each and the Socialist, (the only party mentioned), 1.

ALL-STARS PLAY HERE TOMORROW
Indianapolis Team Will be Attraction in Thanksgiving Day Game at Edgewater Park.
GAME WILL START AT 2:30

The Rushville football team will take on the All-stars, an aggregation from Irvington, tomorrow afternoon at Edgewater park. Considerable difficulty was experienced in getting a team for the Thanksgiving day battle and it was not until yesterday that the game was secured.

The All-stars have several Butler college players in their lineup and a good game is expected. The Rushville team is in good condition as the team did not play last Sunday. A large crowd is expected to attend the game tomorrow as it is a holiday attraction. The All-stars have played such teams as Greenfield and should give the locals a hard game. Greenfield is the only team to defeat the locals on the grounds this year. The game will be called at 2:30 o'clock.

It is also announced that the Marion club team will play here on Sunday, Dec. 5.

RED MEN WIN CLOSE GAME
Defeat Independents Last Night by 25 to 18 Score.

The Red Men's Athletic association team defeated the Rushville Independents last night 25 to 18 in a fast game at the Graham Annex gym. The game was closely contested from start to finish. The Red Men were strengthened by the addition of Cameron and Martin. The two teams appeared to be evenly matched at the start and the first half was a toss-up. The Red Men gradually pulled away towards the finish. A small crowd witnessed the game. The two teams will likely play again in the near future as the Independents are not satisfied with their showing. The Red Men want games abroad. The summary:

Position	Red Men (25)	Independents (18)
Forward	Gunning	Martin
Forward	Bebout	Small, Walker
Forward	Henley	B. Stoops
Center	Carroll, Mauzy	Brechisen
Guard	Petry	Cameron, E. Stoops

THEY FOREGO A VACATION
Western College Girls Stay in School and Have Big Celebration.

At least 75 Indiana girls with comfortable homes will not get to spend Thanksgiving in them. These are the girls who are students of Western College for Women at Oxford, Ohio. A peculiar regulation of that institution makes Thanksgiving a school holiday and none of the students is expected to go home. On the other hand, the day is celebrated with feasting and fun and the students are permitted to invite in as their guests parents or other members of their immediate family. This is an annual event at the school for which great preparations are made and between 500 and 600 persons annually sit down to turkey and the accompaniments of such a dinner, all of which is prepared by the students themselves. Rushville is represented in the student body of Western College for Women by Mildred Myers, ordinarily of this city.

No More Backache No More Misery

If you suffer with pains in your back and sides or have any signs of kidneys or bladder trouble such as rheumatic pains, puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired and run-down, or bothered with urinary disorders, Solvax will quickly and surely relieve you of your misery.

Solvax is the most potent remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It neutralizes, dissolves and makes the kidneys sift out all the uric acid and poisons left by the blood, and renders the kidneys and urinary organs clean, vigorous and healthy.

Johnson's Drug Store, the popular druggists, say that no medicine ought to be paid for unless it does the user some good. They therefore sell Solvax under a positive guarantee to quickly relieve the worst cases of kidney trouble or refund the money. Try Solvax today and if you cannot see and feel a decided change for the better just go to Johnson's Drug-Store and tell them you want your money back, they will return it without question. This is the strongest argument that can be offered in behalf of any medicine.

LEGALLY DEAD IN TWO MORE YEARS
Estate of \$30,000 is Being Held For Missing Man—Must be Held Seven Years.

(By United Press.)
Belvidere, Ill., Nov. 24.—For more than five years relatives here have been seeking Rinard Shawan, who mysteriously disappeared about 11 years ago. An estate of \$30,000 in which the missing man should share, is held pending the expiration of the seven years since he was last heard from after which Shawan may legally be declared dead.

In the countrywide search for Shawan, trace of the missing man was found at Aiken, Minn., and again at Needles, Calif. Shawan's parents believe he joined the Mexican revolutionists and died in battle. He always wanted to be a soldier. As a boy he played war and accidentally got two fingers of his left hand shot off.

CORONATION WILL END TOMORROW
Emperor Will Journey to Isle Where he Will be Told That he is The Ruler

(U. P. Staff Correspondent.)
Kyoto, Japan, Nov. 24.—In conclusion of his coronation as Emperor, Yoshihito tomorrow will journey to Isle, to the tomb of Jimmu Tenno, grandchild of the Sun Goddess and founder of the first dynasty nearly 3000 years ago, to tell him that he, Yoshihito, now by divine right rules Japan.

There also the new Emperor will "worship the gods of heaven upon earth" who are of course, his dead ancestors. Within the next 72 hours the Emperor will in person visit the tombs of the last 4 Emperors, telling each one of the happy conclusion of the coronation ceremonies. This reporting of great events to the dead rulers is very important in the ritual of ancestor worship.

These visits and the attending ceremonies, the coronation events proper will have been completed. The Emperor will return to Tokio Nov. 28th for a grand review of the army and navy, following which he will be feted by the citizens.

Hundreds of Rushville Citizens.

A familiar burden in many homes.
The burden of a "bad back."
A lame, a weak or an aching back.
Often tells you of kidney ills.
Doan's Kidney Pills are for weak
kidneys.

Here is Rushville testimony.

Mrs. Jacob Roth, 820 North Perkins
street, Rushville, says: "Doan's
Kidney Pills have been used time
and time again by different ones of
the family and they have never failed
to give perfect satisfaction. For
rheumatic pains, kidney and bladder
trouble, I know that Doan's Kidney
Pills can be relied upon to bring al-
most immediate relief. I have such
faith in this medicine that I never
fail to speak a good word for it,
whenever I hear anyone complaining
of kidney trouble."

(Statement given March 9, 1910.)

On August 26, 1915, Mrs. Roth
said: "In my opinion there is nothing
better for the kidneys than
Doan's Kidney Pills. I keep them
in the home all the time, even though
they are seldom needed. I think that
they were the means of keeping one
of the family alive and not only
that, but I have used them with
great success myself."

Price 50c, at all dealers. Don't
simply ask for a kidney remedy—
get Doan's Kidney Pills—the same
that Mrs. Roth has twice publicly
recommended. Foster-Milburn Co.,

LABOR IS NOT
YET SATISFIED

Government Control Makes it a Good
Deal Like Slavery—Conditions
Not The Best

EXPLOITATION CONTINUES

Munitions Act is Said to be Con-
stantly Embittering Relations
to Government

By ED L. KEEN
(U. P. Staff Correspondent.)
London, Oct. 9 (By Mail).—Or-
ganized labor first suggested how to
deal with the labor shortage in
munitions industries. In November,
1914 the Amalgamated Society of
Engineers and 4 other unions pro-
posed that firms engaged on private
work be given government work;
firms working short time, transfer
surplus labor to busier centers,
skilled workmen be brought from
Canada and Australia; skilled men
who had enlisted be brought back
from the trenches.

This appealed neither to the gov-
ernment nor to the employers. Six
months later, after the Spring of-
fensive in Flanders failed through
lack of munitions, it was adopted.

Following this expose of the Em-
pire's grave danger, all the skilled
labor unions in the United Kingdom
agreed, during the war, to allow un-
skilled workers to use lathes and
other machines, permitted women in
munitions work, withdrew opposition
to the premium bonus system and
agreed not to restrict or hamper the
output.

Right after this Lloyd George
said the real cause of the munitions
shortage was drink. He abandoned
this later when he saw that the facts
were against him, but much mischief
had been done. The British masses
are not thick-skinned. Their feel-
ings were hurt. To be called drunk-
ards just after what they had done
was discouraging.

Next came the Munitions Act.
Early in the year labor suspected
that Lloyd George and the govern-
ment desired industrial conscription.
The government had refused to deal
with the increased living cost, in-
creased profits, or the claims of
labor that the war ought not to be
a means of labor exploitation by
capital.

The Munitions Act provided pro-
hibition of strikes; government con-
trol of certain establishments, now
nearly 1,000; guaranteed employers
in controlled establishments the av-
erage of profits for the last two
years plus one-fifth extra, and al-
lowances for capital expenditure;
suspended all trade union regula-
tions in controlled establishments,
and subjected workers to heavy
fines for striking, decreasing output,
or going to work elsewhere.

Many workers felt that this was a
form of slavery. They would have
preferred the munitions factories
nationalized and the workers re-
sponsible in conjunction with the
state for discipline and output.
There would have been less dissatis-
faction had the Act been scrupulously
observed by employers and sym-
pathetically administered by the
government. A few instances:

Armstrong & Whitworth, Open-
shaw, dismissed 151 Steel Smelters'
Union men, refusing them certifi-
cates required by the Munitions Act
before they could get other work.

At Sheffield a worker asked the
local munitions tribunal's permission
to take a position closer to where his
wife, almost at death's door, resided.
Permission was refused. Fourteen
Manchester workmen, summoned for
contravening the strike clause of the
act, proved that the government had
not acquainted them with the act's
provisions and that their employers
were not engaged exclusively upon
government work. They were fined.

In defense of the biggest strike
since the Act went into effect, when
1,500 Thorneycroft's shipbuilding
yard workers at Southampton down-
ed tools because of the introduction
of non-union labor, labor says the
employers themselves first violated
the Act's provisions that "due notice
shall be given of any change of
working conditions desired and op-
portunity for local consultation with

Here's Nature's Own
Remedy For Catarrh

Hyomei Relieves Catarrh Without
the Use of 'Dangerous' Drugs.

Not until Hyomei was discovered
has it been possible to truthfully say
that a real remedy for catarrh was
known.

Hyomei is an oil and its air is
breathed through a small inhaler
furnished with it for a few minutes
four times a day, and during that
time every particle of this Hyomei-
laden air taken into the air passages
and lungs is impregnated with a
powerful germ killing and health-
giving antiseptic.

Sprays and lotions often cause
disorders of the respiratory tracts
or bring on some other diseases and
never make a permanent cure of cat-
arrh. But when the air of Hyomei
penetrates to the inmost air cells of
the lungs and enters the blood with
the oxygen it not only kills the
germs in the throat and nose, but
kills the bacilli in the blood, free-
ing the mucous membranes from
poisonous microbes and giving per-
fect health.

A complete outfit is inexpensive
and includes an inhaler, dropper and
sufficient Hyomei for several weeks
treatment.

Johnson's Drug Store has so much
faith in the merit of Hyomei that
they agree to return the money to
any purchaser who is not thorough-
ly satisfied.

the workmen or their representatives
shall be given, if desired." This,
they say, was the real cause of the
strike.

Leaders of labor in Great Britain
contend that the workers still are as
wholeheartedly in favor of the war
as when it started. But, they say:
Exploitation continues; the govern-
ment's attitude toward increased liv-
ing cost and increased profits of em-
ployers still is unsatisfactory, to
labor.

That the administration of the
Munitions Act is constantly embit-
tering relations between the govern-
ment and labor; and that labor feels
that its sacrifices in lives in trade
union rights, and material prosperity
have far exceeded those of the class-
es.

Despite these things, labor has
now promised to recruit 20,000 men
a week, and to try to make it 30,-
000!

THOUGHT SHE
COULD NOT LIVE

Restored to Health by Lydia
E. Pinkham's Vegetable
Compound.

Unionville, Mo.—"I suffered from a
female trouble and I got so weak that I
could hardly walk across the floor with-
out holding on to something. I had
nervous spells and my fingers would
cramp and my face would draw, and I
could not speak, nor sleep to do any good,
had no appetite, and everyone thought I
would not live.

Some one advised me to take Lydia E.
Pinkham's Vegetable Compound. I had
taken so much medicine and my doctor
said he could do me no good so I told my
husband he might get me a bottle and I
would try it. By the time I had taken
it I felt better. I continued its use, and
now I am well and strong.

"I have always recommended your
medicine ever since I was so wonder-
fully benefitted by it and I hope this
letter will be the means of saving some
other poor woman from suffering."

CHAIRMEN WILL
MEET AT CAPITAL

County Centennial Heads Will Gath-
er in Indianapolis to Map Early
Plans For Celebration.

PROGRAM TO BE PROVIDED

Connersville is Cited as Example of
City That is Making Early
Preparation.

Indications point toward an en-
thusiastic meeting of the County
Centennial chairmen, December 3
and 4, at the capital. Assurances
are being received by the Director
that the members of the Grand Com-
mittee are eager for the conference
and for the helpful interchange of
ideas on the work to be done in the
counties in preparation for the Cen-
tennial. The meeting will serve as
a clearing house of Centennial cele-
bration plans.

For the first meeting on the even-
ing of December 3d at the Claypool,
an excellent program of short ad-
dresses has been arranged. It pro-
vides for speeches by Governor
Ralston, George Ade, Pres. John
Cavanaugh, Pageant Master W. C.
Langdon of New York, and a few
of the county chairmen.

At the "problem" conference on
the following day, practical ques-
tions confronting the chairmen in
their counties will be discussed.
Among the topics under considera-
tion will be those on: Effective
county organization; finance; im-
portance and ways of collecting his-
toric data; celebrational features;
pageantry; co-operation of the
schools; permanent memorials; ef-
fective publicity.

No county can afford to be unre-
presented at this conference of De-
cember 3 and 4. If the chairman
cannot be present he should dele-
gate some one of his organization to
attend and represent his county.

The City Council of Connersville
has voted itself a committee to as-
sist in every way possible in the
Centennial celebration for which
Fayette county is preparing. Let
other city councils take notice. In
efficiency of organization and ener-
getic action, the Fayette chairman,
E. P. Hawkins is likewise furnishing
a good object lesson. He has drawn
around him an enthusiastic, working
committee or series of committees
which promises worthy things for
next year. Their celebration is to
take place July 3, 4 and 5, the spea-
kers intended for the respective
days being Ex-Senator Beveridge,
James E. Watson and Governor Ral-
ston.

during the summer is a fat man wearing a sport shirt and the most distressing sight in the winter is to

of my storm buggies would keep you, how well they are made, now nice they look, and what a general
comfort they would be to the whole family, you certainly would own one before the end of the week. I
have used special pains to obtain a line of storm buggies that have all the little things that make them
desirable, quality and style together with a comfortably designed cushion and back, easy riding springs,
fine finish and the best of material throughout, are some of the essential things found on them and you
are welcome at all times to call and see for yourself and I assure you it will be a pleasure to show you
the detail construction of these buggies at any time. The construction of a STORM BUGGY makes
lots of difference in the draft and I will explain to you why these buggies are lighter draft than others.
It only takes a few minutes of your time to look at our stock and it will mean years of regret if you don't.

CARRANZA MUST FINANCE MEXICO

New Head of Government There Faces Serious Problem and May Come Here For Loan.

UNCLE SAM TO BE THE ANGLE?

American Claims Alone Against That Country Total More Than \$300,000,000.

(By United Press.) Washington, D. C., Nov. 25.—Will Uncle Sam become Mexico's financial angel? This question is the absorbing problem involved in establishing the Carranza government.

That financial help must be given by the United States to Mexico is admitted by officials. The form such aid should take is the principal hitch. High State Department officials intimate that the government cannot appear as a principal in securing credit for Carranza. Its moral support, however, is assured.

The modus operandi probably will be as follows: After Carranza's agents in New York have made guarded overtures to financiers for a loan, quiet inquiries will be made of the State Department if such a loan has the approval of the government. Inquiry will be made as to whether the U. S. would back up the loan in case Carranza's government should fall and collection for a new administration be made necessary. If agents of financiers receive such assurances, the loan will be made, with bonds of the new Mexican government as security.

That Carranza must secure his loan in this country is regarded as certain. Europe's money markets are not open to him. It is possible he might place part of a bond issue with Argentine bankers. The bulk of the transaction must, however, be handled by New York financiers.

Re-establishing Mexico's financial system presents many difficulties to Carranza. Hundreds of counterfeit issues of money are afloat. Villa has issued millions of currency now valueless. In Mexico City alone there are a score of repudiated issues. Huerta's currency is worthless.

Carranza who has announced that he will establish a gold standard for Mexico, with a new currency system similar to the federal reserve act of this country, but he will probably not be able to do it until a new Mexican congress is legally elected.

Regarding the immense debt burden faced by Carranza, payment will be effected, according to information here, through claim commissions. Carranza will assent to mixed claims commissions to deal separately with each country presenting claims. Assurance by Carranza that he would honor foreign claims was one of the conditions upon which he was recognized as chief executive. These claims total about \$300,000,000.

The Mexican mixed claims commission will, it is reported, be composed of representatives of the interested nations, but the U. S. will not officially participate in collection of claims of other nations.

The claims Carranza assumes run back five years from the ousting of President Diaz. No claims for property destroyed and confiscated during that and successive revolutions have ever been paid. This involves lengthy and complicated negotiations before payment of the claims, to establish national responsibility for property losses in the many major and minor revolts.

Solicitor Cone Johnson of the State Department has active charge of the American claims. Many of these have been on file for years, awaiting re-establishment of a stable government from which payment could be demanded. Railroad, mining, oil and ranching interests are the principal American claimants. Americans are stock and bond holders of the Mexican National and other railroads and telegraph companies which have suffered the brunt of revolutions.

Only a small part of the claims, which now aggregate about \$150,000,000, have been filed with the State Department. Others are being received daily.

URGES THAT GIFTS BE MAILED EARLY

Postmaster General Starts Campaign to Avoid Postoffice Rush at Christmastide.

POSTERS WILL BE SENT OUT

Washington, Nov. 23.—Co-operation of the public in the handling of the Christmas mails is sought by Postmaster General Burleson, who, in anticipation of another record-breaking rush of holiday parcels has sent out instructions to postmasters for the quick and effective dispatch and delivery of such matter.

Persons are advised to do their Christmas mailing early. Mr. Burleson is confident that if the public will aid to that extent the holiday mails will be promptly and efficiently handled.

Placards urging the public to mail parcels early, etc., will be posted in all postoffices about Dec. 1. Parcels mailed early may bear the words "not to be opened until Christmas."

Postmasters are advised that clerks and carriers may be required to work overtime during the holiday season, although not to the extent of working a hardship on them.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't irritate the rectum, they don't produce the "colic" or "loopy" and "heavy" feeling that calomel does. They cure the liver at the expense of the testis? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, flatulency and that lax feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loopy" and "heavy." Note that they are "olive colored" and "olive flavored." They are the only tablets that can be taken with the spirit. The Olive Tablet Company, Columbus, O.

"OFF OF" HANLEY FOR SOME TIME

Temperance Forces Were Not Co-Operating With Him Even Before Break Occured Last Week

RESENT HIS PUBLICATION

Declare That His 'Enterprise Was Entirely "Personal"—Definite Stand Taken

(By United Press.)

Indianapolis, Ind., Nov. 24.—Friends of the Anti Saloon league pointed out today that although the league showed resentment toward former governor J. Frank Hanly following what they described as his attempt to stampede the temperance convention here there had not for some time been any co-operation between Hanly and the league in their work for prohibition.

The Anti Saloon league did not welcome the announcement that Hanly would publish the National Enquirer. The league also publishes a temperance paper. The league never has looked favorably upon the work of the flying squadron, which it termed a "personal" enterprise of Mr. Hanly.

There was much speculation here today whether the open break between Hanly and the league, following the defeat of Hanly's efforts to swing the state temperance convention for a new political party, would hurt the cause of prohibition in Indiana.

Mr. Hanly argued that a political party must be back of the prohibition movement, that both the democratic and republican organizations and prospective candidates and opponents are not favorable to the drys and that if it proved that they were not, then the drys must have a new party to fight for state wide prohibition. At the conclusion of his address, he asked all who endorsed his idea to stand.

"Carried away by Hanly's enthusiasm and eloquence, most of the crowd stood," said an official of the league. "However, the convention later put itself definitely on record as against Hanly's new party idea." This official said "Without a doubt Hanly has been working for years with the object in view of starting a new party in Indiana with himself as its organized leader to carry the prohibition movement."

This official explained that Hanly was invited to address the convention "merely out of courtesy." He said Hanly took an "unfair advantage, both of the league and the audience."

lent. Weather conditions are favorable for the consumer to obtain the best quality stock.

Many kinds of vegetables, always in heavy demand at the Thanksgiving period, are slightly higher in price, due to shortages in the crops. Principal among these is the cranberry. The wet season along the coast where the cranberry is grown, was unfavorable for a large crop.

Thanksgiving will be a busy day for the hunters. A large number of men will spend the holiday in the woods as is evidenced from activities in the neighborhood of the county clerk's office. Along about Thanksgiving time there is usually a rush for hunting licenses and this year has been no exception. The rush has been heavier than usual. Yesterday a total of nineteen licenses were issued and the rush had started again this morning. On Monday a total of thirteen licenses were issued. Because the clerk's office is closed on Thanksgiving the hunters do not delay until the last minute to get their licenses.

SMITH TRIAL WAS TO BE OPENED TODAY

Fifteen Character Witnesses Are Subpoenaed From Here to Appear in Court Next Monday.

CASE TRIED AT NOBLESVILLE

The trial of Cassius C. Smith, formerly of this city, charged with the murder of his father-in-law, Marcus Hollingsworth, at Old Augusta, Marion county, near Indianapolis, was to open in the Hamilton circuit court at Noblesville today. The case was set for trial Monday, but was postponed until today, because Henry Spann, attorney for the defense, was an attorney in the murder trial of Erroll Key, at Danville, who was charged with the murder of his cousin, Forest Miller. That case ended Tuesday with a verdict of two to twenty-one years against Key, and it is presumed that since that has been brought to a close, the Smith trial opened today.

Fifteen character witnesses have been subpoenaed from here to act as character witnesses for Smith. They are asked to appear in court next Monday. It was expected that nothing would be done today except procure the jury.
